Advanced Privacy

With Automatic Profiles and Call Blocking, Business PRO adds real intelligence to your phone.

You can now easily set your phone to (for example):

- Automatically Reject all callers except your family members at night
- Automatically switch to Vibrate or Silent during a meeting and/or allow only certain callers when you are in certain meetings
- Automatically hang-up or reject unwanted callers
- Conserve battery power by automatically switching Bluetooth off when you're at your office or in a meeting (based on your daily schedule)

Full Control

Business PRO includes a Profile Picker which will greatly improve your mobile experience.

Now you can easily switch phone profiles right from the Today Screen with your finger.

Take control of your phone easily—Advanced automatic, scheduled and temporary profiles are at your finger tips.
